

March Newsletter 2010 – “Step into Spring”

Dear Valued Customer,

The ice and snow are melting and the spring season has arrived. We are beginning to apply spring fertilizer and crab grass pre-emergent. We are also applying dormant oil to trees and shrubs to prevent insect damage. The oil coats your trees and shrubs and prevents insect eggs from hatching which could otherwise damage your plants. Spring aeration is beneficial to your lawn because it reduces thatch and allows air, water, and fertilizer to reach the root zone giving your lawn the nutrients it needs to thrive this year.

It is time to step into spring with fresh mulch, beautiful flowers, and healthy plants. Think about enhancing your lawn with a paver patio, fire-pit, seating wall, privacy screenings, or artificial turf. Go green with your outdoor lighting! New LED lighting uses 1/3 of the electricity of traditional lighting, fewer transformers, less wiring, and includes a 15-year warranty on fixtures and bulbs. Ask us today for more ideas and other ways to enrich and enjoy your outdoor space. Now is the best time to plan. Call us today at (513) 984-5200 for a free estimate on a landscape design or an outdoor living space; we have experienced staff that can turn a design around within 48 hours.

We can fulfill all of your lawn care needs with a full maintenance contract which provides you with a complete lawn care package for one low monthly payment. A full maintenance contract includes a minimum of 5 services: mowing, mulching, weeding, pruning, and fertilization. Additional services can also be included such as aeration, tree and shrub spraying, injection root feeding, and sprinkler system start ups and shut downs.

We would also like to update our records with your email address. Eventually we can invoice and send information such as our monthly newsletter via the internet. We ask that you call, email, or send us your email address with your next payment so that we may better serve you in the future. Visit us on the web at paramountlandscaping.com for additional information, ideas, pictures, and customer testimonials.

We appreciate your business as well as any comments or concerns. As always, your satisfaction is Paramount!

Have a Great Day!

Thank you.
